

B. PILA DESIGN

Another Florida Architecture favorite designer has just launched her own line. B. Pila Design has announced the launch of Hide & Seek, a furniture and accessory collection designed by founding principal, Bea Pila, an ASID and IIDA award-winning designer, and her daughter, Gabriela Noelle, a Parsons School of Design graduate. The collection is inspired by their mutual love of vintage acrylic and the new life it takes on when combined with hair-on-hide, exotic woods, and polished metals. The entire collection is available through the B. Pila Artistic Lifestyle boutique store in Coconut Grove, Florida.
